

1. OBJECTIVE

Provides source and part number information for the older, 1/2" NPT paddle type flow switches Aquatrac Part# A261400; used in Smart3 and earlier version of S1T series controllers.

A261400 flowswitches are installed with 3/4" x 1/2" reducers with the paddle facing upstream.

Remove the switch with the 3/4" x 1/2" reducer or you may damage the paddle.

As of 01/01 A261400 switches are not stocked by Aquatrac.
